

JOURNEY TO THE *Stars*

Welcome Aboard!

Travel with us on spectacular journeys through space and time. You will see stars, planets, and other celestial bodies as they appear from your backyard on a clear night, through the world's most powerful telescope, or from the window of a spaceship. Whether you are young or old, the heavens are a source of endless fascination and excitement. The Delta College planetarium is your passport to the stars!

PUBLIC SHOWS WEEKLY

The Planetarium Theater

The Delta College planetarium is one of the newest and most sophisticated in the world. A 360 degree, 50 foot diameter dome shaped projection screen puts you in the action. Experience cutting-edge technology including 3-D starfield projection, full screen images, "flying" video, audience interactive controls, and 12,000 watts of audio excitement.

Visit Our Gift Shop

A variety of fascinating souvenirs, educational items and children's gifts related to astronomy are available at our gift shop. Teachers also will find merchandise appropriate for classroom use.

Teachers and Group Leaders

Special group rates for planetarium shows are available with advance reservations. For further information or to request a school packet call the center.

Handicapped Accessible

The Planetarium and Learning Center is barrier free and the theater can accommodate up to 6 wheelchairs.

Public Shows Weekly

Public show schedules are available on our website (<http://www.delta.edu/planet>) or in print at our center. You are encouraged to call regarding show titles and descriptions as well as current times and dates. We offer shows appropriate for ages preschool through adult and of various subjects.

Just to Let You Know...

- Free Parking in our lot (entrance off Sixth Street)
- Shows change frequently. Please call for show times and descriptions.
- You can honor a loved one or be a star yourself by purchasing a star in our lobby floor. The resulting endowment fund will be used to purchase new shows and to keep planetarium technology current.
- Over 1,000 students annually enroll in college courses at the Center as the Center also has 7 classrooms and a computer lab.
- Rooms may be rented for business groups, private parties, conferences, etc. Food and beverages are available from six different caterers.
- Gift certificates are available.
